News and information for network providers

Empire BlueCross BlueShield is transitioning to Anthem Blue Cross and Blue Shield

We are excited to share the news that on January 1, 2024, Empire BlueCross BlueShield (Empire) will become Anthem Blue Cross and Blue Shield (Anthem).

This will take place across all lines of business. There will be no impact to your contract, reimbursement, or level of support.

Why is Empire becoming Anthem?

Empire joined the Anthem family of health plans in 2006. The decision to change our name brings together everything that the well-respected, industry-leading Anthem brand has to offer, with the strength and value of the Blue Cross and Blue Shield brand that our members have come to know and trust.

We will continue to combine the trust of the Blue Cross and Blue Shield name and the national resources and capabilities of our parent company and affiliates to improve the whole health of all our members.

For you and your patients, our priority is to make this a simple, seamless transition, so patients can continue to use the same dentist they do today:

- Our provider networks are not changing.
- Your patients' plan, coverage, and ID card numbers are not changing. We will be sending out new ID cards this year, and both the new Anthem-branded cards and old Empire-branded cards will be valid.
- We will still offer the same high-quality, affordable health benefits.
- We will continue to offer the same programs and services to help your patients take care of their overall health and well-being.
- Our existing Anthem-branded health plans in our other Blue-licensed markets are not changing and will continue to operate in their current states.

Keeping you well informed is a top priority

While our official launch isn't until January 1, 2024, we will be communicating the news and updates to our partners, customers, and members in advance to help prepare for this transition.

For more information on this name change, read the press release at bit.ly/3rl47HU.

Thank you for being our trusted health partner. We look forward to building the future of healthcare together as Anthem Blue Cross and Blue Shield.

Using CAQH ProView for credentialing and re-credentialing

The Dental Credentialing department uses CAQH ProView for care providers who have a complete and current CAQH profile.

To help streamline our processing, ensure you submit your CAQH ID for new care provider credentialing or re-credentialing. Ensure the following:

- Your CAQH ProView profile is fully complete and approved through CAQH ProView
- You've re-attested to the completeness and accuracy of your CAQH Profile within at least the last 120 calendar days
- Your profile includes your current professional liability/medical malpractice insurance information
- Your profile includes at least the last five years of employment history
- You've authorized Empire BlueCross BlueShield and its affiliates to access your profile on CAQH ProView

For more information about using CAQH ProView, review the article on our website at empireblue.com/provider/dental/ > Communications > CAQH ProView.

ADA guide for locum tenens

Is your office needing to temporarily add a dentist to help with patients?

Locum tenens is a person who temporarily fulfills the duties of another (such as when someone is out, like on medical leave or vacation, or when the practice is short-staffed).

The new American Dental Association (ADA) *Locum Tenens* and *Dentistry* guide discusses when to hire a locum tenens dentist, when and how to notify dental plans, how billing works in a locum tenens arrangement, and more.

To learn more about locum tenens, visit the American Dental Association website at ada.org.

Consolidated Appropriations Act (CAA) provider directory federal mandate – effective January 1, 2022

As required by the *Consolidated Appropriations Act (CAA)* and several state laws, we must ensure our provider directories are accurate. Your patients – our members – need the most up to date information to reach you.

Please keep us informed of any changes impacting you or your office, especially those changes impacting the directory. We will reach out to our contracted care providers partners as required by federal and state laws to verify contact information.

As a contracted care provider, you must respond to the notification by providing updated contact information. We appreciate your due diligence in keeping us informed of any changes impacting you or your office.

Working together, we can ensure your patients – our members – can reach you quickly while we meet our compliance obligations.

Misrouted PHI

Dental providers and facilities are required to review all members' information received from Empire BlueCross BlueShield to ensure no misrouted protected health information (PHI) is included. Misrouted PHI includes information about members that a provider or facility is not currently treating. PHI can be misrouted to providers and facilities by mail, fax, email, or electronic remittance.

Dental providers and facilities are required to immediately destroy any misrouted PHI or safeguard the PHI for as long as it is retained. In no event are providers or facilities permitted to misuse or re-disclose misrouted PHI. If providers or facilities cannot destroy or safeguard misrouted PHI, providers and facilities must contact Customer Services or call the number listed on the documentation received to report receipt of misrouted PHI.

Dental providers and facilities should review claims and documents carefully before submitting for payment to ensure that the member ID and name listed on the claim is accurate. Taking these additional steps will help eliminate explanation of benefits being sent to the wrong member and prevent *HIPAA* violations.

CDT 2024 updates

This serves as notification by Empire BlueCross BlueShield that we posted 2024 Code on Dental Procedures and Nomenclature (CDT Code) updates to our website.

To view the latest Current Dental Terminology (CDT) 2024 updates, and continued annual updates, visit our website at empireblue.com/provider/dental/. Under **Communications**, select *CDT Updates* (effective 01/01/2024).

If you have questions or would like to request a full listing of the claims processing guidelines, call Dental Network Professional Services at **866-947-9398**.

You will use the new CDT dental codes effective January 1, 2024. The new CDT 2024 code book includes dental procedure codes and revisions to procedure code nomenclatures or descriptors.

To order the new 2024 CDT code book, contact the American Dental Association Member Service Center at **800-947-4746** or visit catalog.ada.org/.

Quick Reference Guide

If you need help with...	Prime and Complete	All other dental products
Paper claims address	Review the back of the member's ID card to determine the appropriate dental claims mailing address (address varies by group). In the absence of an address, call the number on back of the ID card for instructions on where to submit the claim.
