Notice of Proposed Premium Rate Change

Member ID: <HCID>
Plan Name: <Product name>
Health Insurance Oversight System (HIOS) Identification Number: <2023 HIOS ID>

Dear <Subscriber first name>,

Empire BlueCross BlueShield HealthPlus is filing a request with the New York State Department of Financial Services (DFS) to approve a change to your premium rates for 2024. New York Insurance Law requires that we provide a notice to you when we submit requests for premium rate changes to DFS.

DFS is required by law to review our requested rate change. DFS may approve, modify or disapprove the requested rate change.

Proposed Premium Rate Change

Your current monthly premium is: \$<2023 medical rate>.
If approved, the percentage change to your premium is <2024 percentage change>%.

Please note that while we try to provide you with the most accurate information possible, the final approved rate may differ based on the benefit plan design and other features you select on renewal. Also, the final approved rate may differ because DFS may modify the proposed rate.

Why We Are Requesting a Rate Change

The requested changes in our health plans and rates reflect our evaluation of current market trends, including the rising cost of medical care, a changing pool of customers, and our experience with provider networks. Our 2024 rate filings reflect the continued financial impacts of the COVID-19 pandemic, including the cost of vaccine administration, continued diagnosis and treatment of COVID-19, and RX drug costs. The rates also reflect expected changes in the health of the ACA risk pool and coverage changes to some deductibles and annual out-of-pocket maximum amounts.

30-day Comment Period

You can contact us or DFS to ask for more information or submit comments to DFS about the proposed rate change. The comments must be made within 30 days from the date of this notice.
